Nursing — a registered nurse completes an assessment and develops a plan to attain, maintain or recover optimal health and quality of life.

Home Health Aide — a highly trained para professional assists clients with daily activity such as bathing, dressing, eating and grooming. Performs light housekeeping, cooking, shopping and laundry. Also, reminds clients of medication schedules monitored by our registered nurse, and can perform tests such as glucose monitoring and blood pressure.

Same Day Escorting — provide needed escorts (not limited to medical reasons) for same day medical procedures and doctor appointments. We ensure the safety of our clients and reduce caregiver's time away from work or other responsibilities.

Fedcap has been providing quality and compassionate home health services for 50 years in New York City and Nassau County.

We offer superior nursing, personal care, home health care and other home care solutions – performed with respect and dignity all in the comfort of your own home.
